Chill, meet, relax, hang out, discuss, enjoy

Many of us are in the alone in the home office these days so during break time you need not be alone.

On Thursday and Friday we will have lunch time concerts and during some of the shorter breaks we have invited likeminded organizations whose work we greatly admire to present what they do and why they do it within a short 20-minute format. And in those breaks that have no program we will be there to chat with you and get ready for the next session.

So don't run away during the breaks or if you do, stay logged in to chill, meet, relax, hang out, discuss, enjoy together.

Lunch time Concerts

On the 5th and 6th November *Airton Preta* will play Brazilian classics from 13h – 14h CET.

Chapters

The Humanistic Management Network is continuously adding new Chapters around the Globe. The Humanistic Management Network lives, works and acts through its local Chapters that drive diverse activities. What unites all Chapters is the invaluable service their members deliver to our shared purpose. You can meet our new Chapter leads from Austria, Japan and South Africa in this session.
